August 5, 2011

To: All Patrons, Staff and Faculty, and Employees:

The Environmental Protection Agency's Asbestos Containing Materials in Schools, Final Rule and Notice, 40 CFR Part 763 requires that all public and government school buildings be inspected and re-inspected for the presence of asbestos every three years after a management plan is in effect. This same statute also requires initial and annual notification of the availability of a management plan that outlines the steps to be taken to eliminate the hazard. We are very willing to comply with this statute because of our great concern for the well-being of our students, our staff, and our faculty.

This correspondence represents the annual notification that is required by the Asbestos-Containing Material in Schools Rule, published at 40 CFR Part 763, Subpart E. The Jemez Day School is providing this notice to inform the parents, teachers, and employee's organization about location where they may review the asbestos management plan prepared for the Jemez Day School

As a result of our recent building survey concerning asbestos, we must advise that Jemez Day School contains a small portion of asbestos.

A periodic surveillance (every six months) inspections will be conducted in accordance with EPA 40 CFR 763.92 (b) to be sure that the material is not being disturbed.

Also, a re-inspection (every third year) will be conducted in accordance with EPA 40 CFR 763.85 (b).

We have received a management plan which is available for public review in the administrator's office during normal business hours.

Sincerely,

Freddie Cardenas, Principal
Jemez Day School

LEA NAME: NEW MEXICO NORTH EDUCATION LINE OFFICE SCHOOL: JICARILLA DORMITORY

DESIGNATED PERSON ASSURANCES

In accordance with 40 CFR § 763.93(i) of the Environmental Protection Agency (EPA) Asbestos-Containing Material (ACM) in Schools regulation, the Home-Living Supervisory, Jicarilla Dormitory, and Designated Person (DP) hereby certifies that the following general responsibilities under 40 CFR § 763.93(i) have been OR will be met:

JICARILLA DORMITORY SENIOR LINE OFFICIAL (HOME-LIVING SUPERVISORY) RESPONSIBILITIES:

Designate a person to ensure that requirements under 40 CFR § 763.84 are properly implemented and ensure that the designated person receives adequate training to perform duties assigned under 40 CFR § 763.84. Such training shall provide as necessary, basic knowledge of: health effects of asbestos; detection, identification, and assessment of ACMs; options for controlling Asbestos Containing Building Materials (ACBM); asbestos management programs; relevant Federal and State regulations concerning asbestos, including those in 40 CFR 763, Subpart E, and those of the Occupational Safety and Health Administration, U.S. Department of Transportation, and the U.S. EPA.

I have designated David M. Montoya to be the DP for asbestos management and have provided adequate training to meet the requirements stated above.

Home-Living Supervisory Signature: David M. Montoya Date: 11/14/2013

DESIGNATED PERSON RESPONSIBILITIES

As DP, I received adequate training in the basic knowledge of health effects of asbestos; detection, identification, and assessment of ACM; options for controlling ACBM; asbestos management programs; relevant Federal and State regulations concerning asbestos, including 40 CFR 763, Subpart E, the Occupational Safety and Health Administration, U.S. Department of Transportation, and the U.S. Environmental Protection Agency; to carry out the following responsibilities:

1. Ensure that the activities of any persons who perform inspections, reinspections, and periodic surveillance, develop and update management plans, and develop and implement response actions, including operations and maintenance, are carried out in accordance with 40 CFR § 763, Subpart E.
2. Ensure that all custodial and maintenance employees are properly trained as required 40 CFR § 763 Subpart E and other applicable Federal and/or State regulations (e.g., the Occupational Safety and Health Administration asbestos standard for construction, the EPA worker protection rule, or applicable State regulations).
3. Ensure that workers and building occupants, or their legal guardians, are informed at least once each school year about inspections, response actions, and post-response action activities, including periodic reinspection and surveillance activities that are planned or in progress.
4. Ensure that short-term workers (e.g., telephone repair workers, utility workers, or exterminators) who may come in contact with asbestos in a school are provided information regarding the locations for Asbestos-Containing Building Materials (ACBM) and suspected ACBM assumed to be Asbestos-Containing Materials (ACM).
5. Ensure that warning labels are posted in accordance with 40 CFR § 763.95.
6. Ensure that management plans are available for inspection and notification of such availability has been provided as specified in the management plan under 40 CFR § 763.93(g).
7. Consider whether any conflict of interest may arise from the inter-relationship among accredited personnel and whether that should influence the selection of accredited personnel to perform activities under 40 CFR § 763, Subpart E.

Carrie Garcia - Dormitory Supervisor
Lula Nez - Guidance Counselor

Memorandum

Date: October 22, 2011
To: Prents, Tutors & Employees
Fr: David M. Montoya, H.L.S.
Jicarilla Student Residence

Reference 40 CFR, 763.99 (a)(7). An "Exclusionary Statement" signed by the accredited inspector, or the architect or project engineer responsible for the construction of a new school building built after October 12, 1988 and where no ACBM was specified as building material was included in the management plan.

The new dormitory, Jicarilla Student Residence-Building #325, built in fiscal year 2005 has **no** asbestos as stated by T. James Carnus, Senior Vice-President of Bradbury & Stamm Construction in his June 16, 2009 letter.
